## Location

The property is situated within the well-established Slaidburn Industrial Estate, which is the principle industrial estate lying at the northern end of Southport.

The estate lies approximately 3 miles north of Southport Town Centre and is well placed for access to the A565 which links Southport with Preston. Access to the motorway network is via Junction 27 of the M6 or Junction 3 of the M58 via Ormskirk.

## Description

The premises comprise part of a larger detached industrial building of brick construction, beneath a combination of metal clad pitched roofing and flat roof sections.

Internally, the accommodation is arranged to provide a series of cellular rooms of varying sizes, currently in a stripped-out condition, with the former gas-fired central heating system decommissioned.

Subject to agreed terms, the Landlord will undertake a programme of fit-out works. This is to include the recommissioning of the heating system, installation of a kitchen, construction of WC facilities, and any other works to be agreed between the parties.

The Landlord also proposes to install a roller shutter door to the front elevation to facilitate loading access.

Externally, the premises benefit from access via a shared yard, together with 7 demised car parking spaces.
